MEETING WITH Shri BV KANTI JT DIRECTOR ICDS ON 03 SEP 2001

Discussed about the formation of **FORCES Bangalore Chapter** and about the proposal to involve NGO's in assisting the AWW's in proper delivery of health and nutrition services to the under 6 years children in the urban slums. He stated that there were about 400 anganwadis in Bangalore city and surrounding rural areas and would give me the list of 214 AW's to start with as these catered to the slums. He rang up the CDPO State Mr. Shivaram Gowda Tele 2121917 to furnish the list of 114 AW's and CDPO Central Ms. Pushpalatha Tele 2234490 to give the list of 100 AW's. He asked me to contact him the next day for this information.

He stated that the study done by Ms. Laxmi was a **sample study** of the education component of the ICDS done for DPEP and he did not have a copy of the study.

Regarding the shortage of **weighing machines** he stated that though they had the required funds a block had occurred through the dept of Weights and Measures who wanted them to purchase the NBB weighing machines rather than the Salter Scales. This has now been sorted out as the weighing involved children of 5-6 years also.

The **new growth charts** have been approved but due to shortage of resources cannot be implemented immediately. A workshop by UNICEF is being organized at NIPCCD in mid September. Trial introduction in **Gulbargha (11 projects i.e. 2000 AW's)** and **Raichur (5 projects i.e. 1300 AW's)** Districts is being planned shortly by UNICEF. The growth Chart has been christened "**Darpana**" (mirror) as it reflects the true picture of the child's health. The project also attempts to **involve the community** in monitoring the child's growth.

The **600 vacancies of supervisors** are still held up due to the new guidelines for recruitment, which gives rural weightage, but the same would be filled up shortly through merit rather than by interviews. He also said that for the first time the GOK has agreed to **reserve 25% vacancies for AWW's** who are educated (matric and above).

The **PMJY (Prime Minister's Gramodaya Yojana)** scheme had given **Rs 30 Crores** last year (**March 2001**) and because of the delay in release **Rs 24 Crores** is still **unutilized**. This year an **additional Rs 21 Crores** has been released and hence the state is shortly (in September) going to introduce **one boiled egg for 3 days a week for all children**. The modalities of supply are being finalized.

The earlier scheme of giving nutrition through **Agro-Corn** continues (**Rs 1.25 + 0.80**). Children **below 3 years** are also given **100 gms ARF (amylase rich food)** which provides **300 Cals energy and 10 gm protein** apart from reducing the bulk of the food. This year they are giving it to **3-6 year age group also**. Agro-Corn supplies the same at **Rs 15.80/ Kg** if the GOK supplies PDS Wheat or at **Rs 20.00/ Kg** if supplied at open market rate. He categorically stated that there was no shortage of funds or food but also mentioned that local non-availability is still possible due to logistical and other problems.

REPORT ON DISCUSSIONS HELD WITH SHRI B.V. KANTHI, Dy. Dir. (ICDS) OF Dept. of WC D, Karnataka on 11.08.2000

1. *Functioning of Anganwadis :*

Out of 40,170 Anganwadis sanctioned in the state 40,012 are functional. Though no. of AWWs are less (39469 Anganwadi workers, 39926 helpers) still the others are functional by making someone incharge by adjustments locally. (Appendix A).

2. *Shortage of Staff :*

There is an acute shortage of supervisors with only 660 in position out of the sanctioned 1862 (shortfall of 1202). (Though Govt. sanction for recruitment exists technical ban due to indecision regarding rural pass marks, the posts cannot be immediately filled up). Shortages in other staff is minimal (Appendix A).

3. *Training :*

CDPO's and ACDPO's are trained for 2 months at NIPCCD Bangalore. Supervisors are trained at MLTC (Middle Level Training Centre) Ujire (DK district). Anganwadi workers are trained for 3 months at 26 training centres (list attached Appx 'B'). training has been intensified as UDISHA (World Bank assisted scheme, all over India) (Document attached, Appendix 'A') An innovative training programme was carried out in 1995 for 6 days through UNICEF to clear the backlog of training. Every 2 years refresher training is carried out for AWWs.

Minimum qualification for AWW is 7th std for rural, X std for urban, graduate for supervisor, MSW or Master in Home Science for ACDPO's & CDPO's.

4. *Buildings :*

Only 30% of Anganwadis have own buildings. (Appendix C). recently it was felt that loans could be taken from HUDCO for constructing new buildings but the interest rate was too high. Finance department is seriously considering sanctioning funds in a phased manner (Rs. 30 Cr. For 2000-01 may be sanctioned). Cost of each building works out to slightly above Rs. 1 lakh.

5. *Central Funding :*

ICDS is 100 percent centrally sponsored scheme (CSS). Administrative and establishment expenses are totally borne by centre. During 1999-2000 Rs. 7813 lakhs sanctioned by GOI under CSS. Funds released were Rs. 5111.35 lakhs, against amount spent by Zilla Parishads Rs. 6424.15 lakhs (Appendix 'D'). This year 2000-2001 Rs. 7788 lakhs has been **sanctioned**.

6. *State Expenditure:*

The state govt. only funds the nutrition supplement through the Zilla Parishads. (Cost per child/day is Rs. 1.25 and for malnourished child grade III & IX is Rs. 2.50). During 2000-2001 the state spent Rs. 3634 lakhs under planned expenditure, Rs. 6022.76 ~~lakhs~~ lakhs under non-planned expenditure, Rs. 962 lakhs under SCP

(Special Component Plan - Scheduled casts, etc) and Rs. 289 lakhs on TSP (Tribal Special Plan). Every month 1/12th of the annual amount is released to the ZP's Expenditure during 1999-2000 is given in Appendix 'E' i.e. Rs. 7741.06 lakhs.

7. Vehicles and Equipment

Vehicles are supplied by UNICEF at the scale of one per project (usually one block). There are a total of 185 projects (99 tribal, 10 urban and 176 rural). If a block has more than 200 Anganwadis then an additional ACDPO is authorised and hence an additional vehicle is provided. POL is also paid by centre.

Weighing scales (Salter scales) were supplied initially by UNICEF for all the 40,000 Anganwadis. There is an acute shortage of 700 scales and these are likely to be procured within a month. However many of the original scales supplied by UNICEF have become faulty and require replacement. (Qty is being assessed.).

8. Medical Kits :

Earlier central government was supplying the kit annually. This year sanction has been accorded to the state government to purchase locally. Earlier kit used to cost Rs.300/- now cost estimated at Rs. 600/-. This will be provided locally at district level through ZP.

9. Other activities of AWW:

The ICDS has viewed seriously the increasing involvement of AWW in pulse polio programme, census, census of livestock, leprosy, and RCH. Hence they have taken measures to reduce this and remuneration of Rs. 0.25 per house visited or Rs. 250/- per month etc. to act as a deterrent.

10. Relationship with PHC, SC, ANM, etc.

The AWW has no problem working with the ANM's now. Earlier conflicts used to arise due to FP targets. Also, all cases of malnutrition taken to PHC's. Monthly meetings at Division and Dist. Level with PHC doctors and DHO's etc.

11. Shortage of growth charts.

This was initially supplied by UNICEF. Now some shortage. Also plan to print new growth chart based on NIPCCD recommendations to include developmental milestones also (sample attached) and a copy will be given to the mother also.

12. Teaching aids and toys.

Earlier these were given only one time. Now Rs. 500/- per year per Anganwadi. This will be provided locally by ZP. Also Rs. 5 crores sanctioned by government for improving Anganwadis for purchase of durries, fans, utensils etc.

13. Procurement of Nutrition supplement:

Nutrition supplement is given by energy food twice a week in 21 districts and thrice a week in 11 districts (Based on location of Agro products) Food is based on CFTRI formula, (see attached composition), prepared by Karnataka State Agro Corp.

Products. 1 kg packets in 25kg container, 3 months shelf life. Other days rice (through PDS) CDPO at Taluk level procures and distributes through contractor directly to the Anganwadis (monthly). Firewood or k'oil Rs. 75/- per month to be given through gram Panchayat. Now directly deducted from ZP and given in Anganwadi account. Problem still in urban area.

14. ***Sthree Shakti*** - Project for empowerment of women being launched. 1 lakh SHG's (i.e. 2-3 per Anganwadi) each will have a revolving fund of Rs. 5000/-, Rs. 50 Cr. being sanctioned. (Budgeted for Rs. 72.67 crores). Details will be collected later on launch of programme.
15. ***Integrated nutrition project (INP)*** Being launched shortly as pilot project in Gulbarga, Raichur, Tumkur and Chikmagalur. For children below 2 years of age. Consultant Tara Gopal Das. (Jt. Secy. Nutrition Veena Siva Ram Rao from Karnataka, so interested in Karnataka first). Details will be made available later.
16. ***Malnourished children*** : Totally 11,683 children in grade III & IV in Karnataka. Immunization status dealt by Health Dept. so no disparity in figures.
17. ***Mode evaluation*** : Evaluation done by MODE commissioned by UNICEF on ICDS functioning in Karnataka in Dec 97 - Feb 98 is also perused. (copy available).

Information of Anganwadis and budget of Karnataka (1999-2000)

No. of Anganwadi Sanctioned	: 40,170.
No. of Anganwadi functioning	: 40,012.
