28 Nov 1981

Dear

Seasons Greetings for Christmas and the New Year from all of us
in the Department of Community Medicine at St John's!

1982 is going to be a special year for us since a long standing
plan to meet all of you in the field has finally materialised. Thelma and
I are on special leave for a year starting December 1981 and during this
year we plan to visit as many of you as possible in your own areas of work
to re-establish contact, share experiences, reflect together and grow
in our understanding of our people and our work. We have already been in
touch with many of you and we shall be writing to others as the weeks go by.
We thank all those who have so promptly and enthusiastically received this
news and welcomed us to their villages in 1982. We hope to hear from many
others amongst you soon.

In order to get some common information from all of you in the
field we have drawn up a simple questionnaire taking ideas from many of
your own letters. Please fill these up and add any other comments,
information, suggestions you would like to send us. Those of you, who have
already sent us some details of your work recently fill in only those sections
which you did not cover in your personal letters. We would like very much
to hear from each of the 150 Community Health Workers we have trained.
Even a blank questionnaire with only your latest address and information
on how to meet you next year would be most welcome.

Meeting you and seeing your programme will be a good experience
for us but in case you feel there are any other ways in which our visit
could be mutually beneficial please suggest this in Section C (b).

In preparation for this visit many other materials are being
organized which we hope to send you soon - a list of Community Health
Workers addresses, news bulletins, list of new handouts and educational
materials and so on. So please keep in touch.

Hoping to hear from you soon and also meeting you next year.

With best wishes and regards,

To

Yours sincerely,

PS: Please post this to Drs. Ravi & Thelma Narayan, D-10 Staff Quarters,
St John's Medical College, Bangalore 560 034 before Christmas 1981)

JANUARY 1982

Greetings from Bangalore !

Training Programmes

Dear

Greetings from Bangalore

(1) (a) Location

to Sudan. The knowledge gained during the course is being put to good use in a wide variety of situations which range from teaching in

(b) Health Work

The new Community Health Worker is not a passive provider of care who waits for patients to present themselves...h.p.t.o...22
dynamic promoter of self-help programmes leading to community

(c) Furthuring skills

Some CHWs have been adding further skills and knowledge through other courses.

(Nursing: Sr. Tresa Jose (BC1), Sr. Annakutty (BC4), Sr. Malathi (BC2) and Sr. Elsy (BC1).

Para-medical Course: Sr. Juliana (BC4) and Sr. Lalitha (BC7).

(Community Development and Social Work: Sr. Elsy (BC5), Sr. Antonia / Sr. Bonitas (BC2) has just completed a special course in the Care of Mentally Retarded Children.

(d) Refresher Courses:

The following returned to St John's for a refresher course in the last two years - Sr. Ann and Sr. Tresa Jose (all of BC1); Sr. Suma, Br. Susanto, Sr. Justina, Sr. Martha Soreng, Sr. Vinaya, Sr. Theres Thomas, Sr. Jovitta (all of BC3); Sr. Mary Kurissery and Sr. Mariamma Antony (of BC4); and Fr. Joseph Purayidom and Sr. Pierlisa (of BC6). We hope many more of you will get the opportunity in the future.

(e) To the following who have been ill, we send our prayers for a speedy recovery to an active reaching out. Br. Joseph Jayaprakash (BC4), Sr. Veronica (BC5) and Sr. Immaculate Kisku (BC6).

(3) St John's and Departmental News

(a) We thank all of you who sent messages of support and prayers during the St John's crisis. You will be glad to know that Bishop Patrick of Varanasi told a CBCI Meeting in Tiruchi on 12th January '82 that a happy solution of the problem is expected by end of February. The discussions are taking place in a very friendly atmosphere (Indian Express--13.1.82).

(b) Maj Gen B Mahadevan (Papa) retired from active service in February 81. He was ill for sometime and is much better now. We thank all of you for keeping him in your prayers.

(c) The following staff have left for higher studies:

Dr Luis Barreto to Canada; Dr K Nagaraj to Wardha; and Dr SB Prakash to Hubli.

(d) The following have joined the team in 1981. Dr Antony Colaco, Dr G Gururaj, Dr A Nagaratna, Dr Kiriti Keshavan and Dr K Malathi.

(e) Professor SV Rama Rao continues as Professor & Head of the Department.

(f) The next CHW Basic Course (CHW BC9) commences on 30.8.82 and the next Refresher Course (CHW BC4) commences on 8.11.82.

With best wishes and regards,

Yours sincerely,

Thelma and Ravi Narayan

NEWS LETTER - 2

FEBRUARY 1982

Dear Friends:

We have been planning out our travels in response to your letters. The prospects are becoming more interesting day by day. It now includes a 35 km trek in Orissa, a meeting on Health in Aurangabad, a Health Education Seminar in Mizoram, a sojourn through the North East and the tribal regions of Andhra, Bihar and Madhya Pradesh and so on. We are also visiting some alumni doctors of St John's working in rural areas and some health and development projects run by other groups. It will not be possible, therefore, to visit all the CHWs in their place of work, as we have less than 300 days for our travels. We hope that we will be able to meet some of you in small groups at Central places for a day eg., Mangalore, Goa, Karwar region, Mananthavady, Calcutta, Hazaribagh, Varanasi etc. You will soon get letters from the organizers. The first phase of our travel starting from last week of January till end of April will include Kolar, Salem, Mandya, Kollegal, Chickmagalur, Madras, North Arcot. Then to Delhi, Rohtak, Jagadhri, Chandigarh, Ludhiana, Tillonia, Udaipur, Ahmedabad, Vadodara, Rajpipla, Zankhvar, Talasri, Thane, Talegaon, Pune, Jamkhed, Nasik, Aurangabad, Amaravati, Wardha, Nagpur and back. We shall be writing letters to individuals giving further details.

In Madras, on 19/20 February, the Tamilnadu Voluntary Health Association have arranged a meeting and we hope to meet many of our CHWs there. Do keep in touch with us particularly if you change your address or your work. Our contact address will be D-10, Staff Quarters, St John's Medical College, Bangalore 560034 till June. You will have to excuse us for delays in replying since we shall be on wheels most of the time. If the matter is very urgent, please mark 'urgent' and 'redirect' on the cover of the letter; otherwise they will await our arrival.

+++++
"Many problems can be resolved when people work
together and give each other help and support"
+++++

(2) Keeping contact with the Department

While we are away on our travels, if you are interested in the following -

- a. List of latest addresses of CHWs of your batch and those working in your area;

...p.t.o.

:2:

- please write to Professor SV Rama Rao, Head of the Department of Community Medicine, St John's Medical College, Bangalore 560034.

We have no news recently from the following. If you are in touch, please send us their latest addresses and news about what they are doing.

- News of any of your other colleagues will also be always welcome.

Hope you are in touch with VHAI (Voluntary Health Association of India, C-14 Community Centre, Safdarjung Development Area, New Delhi 110016) and CHA (Catholic Hospital Association of India, CBCI Centre, Goldakkhana, New Delhi 110001). They will keep you in touch with new concepts in health, audio-visual education materials and contacts with others working in the field in your States.

We would like you to share some of your experiences with the others through short articles on your work. Please write and we shall put them in. If you have not written to us or to the Department after November 1981, please acknowledge receipt of the newsletter giving latest address to continue getting further issues.

RAVI & THELMA NARAYAN

Dear

Seasons Greetings for Christmas and the New Year from all of us in the Department of Community Medicine at St John's!

1982 is going to be a special year for us since a long standing plan to meet all of you in the field has finally materialised. Thelma and I are on special leave for a year starting December 1981 and during this year we plan to visit as many of you as possible in your own areas of work to re-establish contact, share experiences, reflect together and grow in our understanding of our people and our work. We have already been in touch with many of you and we shall be writing to others as the weeks go by. We thank all those who have so promptly and enthusiastically received this news and welcomed us to their villages in 1982. We hope to hear from many others amongst you soon.

In order to get some common information from all of you in the field we have drawn up a simple questionnaire taking ideas from many of your own letters. Please fill these up and add any other comments, information, suggestions you would like to send us. Those of you, who have already sent us some details of your work recently fill in only those sections which you did not cover in your personal letters. We would like very much to hear from each of the 150 Community Health Workers we have trained. Even a blank questionnaire with only your latest address and information on how to meet you next year would be most welcome.

Meeting you and seeing your programme will be a good experience for us but in case you feel there are any other ways in which our visit could be mutually beneficial please suggest this in Section C (b).

In preparation for this visit many other materials are being organized which we hope to send you soon - a list of Community Health Workers addresses, news bulletins, list of new handouts and educational materials and so on. So please keep in touch.

Hoping to hear from you soon and also meeting you next year.

With best wishes and regards,

To

Yours sincerely,

Ravi & Thelma

PS: Please post this to Mrs. Ravi & Thelma Narayan, D-10 Staff Quarters, St John's Medical College, Bangalore 560 034 before Christmas 1981)

We have already been in touch with many of you and we shall be writing to others as the weeks go by. We thank all those who have so promptly and enthusiastically received this news and welcomed us to their villages in 1982. We hope to hear from many others amongst you soon.

In order to get some common information from all of you in the field we have drawn up a simple questionnaire taking ideas from many of your own letters. Please fill these up and add any other comments, information, suggestions you would like to send us. Those of you, who have already sent us some details of your work recently fill in only those sections which you did not cover in your personal letters. We would like very much to hear from each of the 150 Community Health Workers we have trained. Even a blank questionnaire with only your latest address and information on how to meet you next year would be most welcome.

Meeting you and seeing your programme will be a good experience for us but in case you feel there are any other ways in which our visit could be mutually beneficial please suggest this in Section C (b).

In preparation for this visit many other materials are being organized which we hope to send you soon - a list of Community Health Workers addresses, news bulletins, list of new handouts and educational materials and so on. So please keep in touch.

Hoping to hear from you soon and also meeting you next year.

With best wishes and regards,

To

Yours sincerely,

PS: Please post this to Mrs. Ravi & Thelma Narayan, D-10 Staff Quarters, St John's Medical College, Bangalore 560 034 before Christmas 1981)

Dear

Seasons Greetings for Christmas and the New Year from all of us in the Department of Community Medicine at St John's!

1982 is going to be a special year for us since a long standing plan to meet all of you in the field has finally materialised. Thelma and I are on special leave for a year starting December 1981 and during this year we plan to visit as many of you as possible in your own areas of work to re-establish contact, share experiences, reflect together and grow in our understanding of our people and our work. We have already been in touch with many of you and we shall be writing to others as the weeks go by. We thank all those who have so promptly and enthusiastically received this news and welcomed us to their villages in 1982. We hope to hear from many others amongst you soon.
