PREAMBLE :-

1. The Supreme Court in its judgement dated 23rd February, 1990 in the Writ Petitions No. 8307-11/83- Dharwad District Public Works Department Literate Daily Wage Employees Association and others, vs, State of Karnataka, laid down a scheme for regularising the services of the daily wage employees who had been appointed in the various departments of Government on or before 1st July 1984. Pursuant to the said judgement, orders were issued in G. O. No. DPAR 2 SLC 90, dated 6th August 1990. The said G.O., among other things, prescribes the modalities for regularisation of the services of the eligible daily wage employees. Subsequently, necessary clarifications and modifications were issued in the O.M./G. Os/Circulars read at (2) to (11) above. Government decided to constitute a High Level Official Committee consisting of the following members, to examine these representations and make specific recommendations to Government for their fair and expeditious disposal.

Proceedings of the Government of Karnataka

Sub: Purchase of Lab Re-agents and Chemicals for the Hospital
Laboratory use in Hospitals coming under Karnataka
Health Systems Development Project

Read: Proceedings of the Steering Committee Meeting held on
29-1-1998

Preamble:

Karnataka Health Systems Development Project envisages strengthening of Laboratories in the hospital by providing required equipment. Under the project, there is a provision for providing Laboratory Re-agents and Chemicals required for conducting various tests in the hospitals. Many of the hospitals are experiencing shortage of Laboratory Re-agents and Chemicals required for conducting various tests. A meeting was held under the Chairmanship of the Project Administrator regarding procurement of these Re-agents and Chemicals required in the hospitals and decided that the following Re-agents and Chemicals are required for day-to-day tests in the hospitals.

- | | |
|---------------------------|-------------------------|
| 1. Uristix | 10. ECG Paper and Gelly |
| 2. Benedicts Solution | 11. Blood Grouping Sera |

| 4. HCL N/10 | 13. Blotter Papers |
| 5. Stickers | 14. Test Tubes |

| 7. Wooden Stickers | 16. Absolute Alcohol |
| 8. Slides and Cover Slips | 17. Lab Bands |

and further felt that it may not be possible to procure these Re-agents and Chemicals by centralising the purchases as overheads will increase considering the large member of hospitals. Rs. 5,000/- for 100 bedded hospitals (Sub-divisional Hospitals) and Rs. 10,000/- for District Hospitals be released to respective Administrative Medical Officers. PREAMBLE:-

Government in their order read at (1) above, created the District Development Fund & constituted District Level Health Systems Committee in all the Districts allowing retention of user Charges. The Administrative Medical Officers of the Secondary Hospitals are empowered to collect the user charges specified by the Government from eligible persons and credit the same in the Bank Account opened in the name of the District Health Committee. The District Health Committee may allot such funds back to the hospital where it was collected for improving the facilities in the hospital. Accordingly Bank accounts are opened in all the 20 Districts and funds are being credited in to them.

However Vanivilas Hospital, Bangalore, Chigateri Hospital, Davanagere and Cheluvamba Hospital, Mysore could not implement the Government Orders since they function under the Directorate of Medical Education. The funds so collected could be used for the developmental activities of the concerned hospital. The subject was placed before the Steering Committee in its meeting held on 29-1-98 which has approved the same. Hence the following order.

ORDER NO.: HFV (PR) 39 WBA 98, BANGALORE, DATED: 21-02-1998

Proceedings of the Government of Karnataka

Sub: Hiring the services of Private Anaesthesists in hospitals coming under Karnataka Health Systems Development Project Orders - reg.

Read: 1. Proceedings of the 31st Meeting of the Project Steering Committee held on 30th April, 1998

Preamble:

As per the norms enumerated in the Project Report of Karnataka Health Systems Development Project, all the hospitals with a bed strength of 50 and above will have a post of Anaesthesist. However even in some District Hospitals, the posts of Anaesthesists are vacant. The posts of Anaesthesists in hospitals with a bed strength of 50 and 100 are not filled up due to non-availability of qualified candidates. Non-availability of the services of Anaesthesists is posing difficulties in the conduct of operations in these hospitals. The problem was discussed with Senior Health Administrators and it is considered necessary to utilise the services of Private Anaesthesists. It is also considered reasonable that a fee of Rs. 200/- per case subject to a maximum of Rs. 12,000/- per month in respect of hospitals with bed strength of 50 and 100 and Rs. 24,000/- in respect of District Hospitals be paid.

The subject was placed before the Project Steering Committee in its meeting held on 30-4-1998. The Steering Committee after detailed consideration has approved the proposal. Hence, the following order.

PROCEEDINGS OF THE GOVERNMENT OF KARNATAKA

Sub:- Implementation of Yellow Card Scheme for the year 1998-99

Read:- Proceedings of the Steering committee Meeting held on 23-5-1998.

Preamble :

Improving access to SC / ST population in rural Karnataka for existing health facilities is one of the components under KHS DP. The Government of Karnataka developed a scheme popularly known as Yellow Card Scheme to implement this objective. The scheme consists of extending health facilities to the SC / ST population through annual health check-up camps held in all the subcentres of the state. In Government order No. HFW 16 CGM 95 dated 07-10-95 sanction was accorded to introduce Yellow Card System initially in Mysore, Kolar, Bijapur, Raichur and Hassan districts for the benefit of Scheduled Caste/Scheduled Tribes at an estimated cost of Rs. 1.5 crores.

The Steering Committee approved an operationalisation plan to extend the yellow card scheme to all the districts of the State in its meeting held on 16-06-97 at an estimated cost of Rs. 5.41 Crores and was sanctioned in G.O. No. HFW (PR) 439 WBA 97 Dt. 25-07-97. Accordingly, the scheme was launched in all the remaining 15 districts in Aug. - Sept. '97 after district level workshops were held to train the medical officers of district and taluka levels. The programme was put into operation for only 3-4 months as it was suspended at the end of January '98 on account of ensuing parliamentary elections. Approximately, 6 lakh SC / ST population have been benefited from the scheme so far. Drugs, laboratory chemicals and yellow cards were procured and distributed to the districts. Districts were also given funds to meet operational expenses such as for POL, honorarium for LMOs, camp arrangements, stationary and training. A total amount of Rs. 89,89,637/- was spent for drugs, while the expenditure on laboratory chemicals was Rs. 9,38,000/-. Sixteen lakhs Yellow Cards were distributed which at a cost of Rs. 16,10,000/-. The districts spent Rs. 6,90,497/- for POL, honorarium for LMOs, training and other contingencies. As the scheme worked for only 4 months and due to other constraints only Rs. 1,12,28,134/- could be utilised during the year.

The programme has restarted in all the districts from May '98. While the basic operationalisation plan remains the same, the action plan for the year 1998-99 proposes a number of additional activities spread throughout the year which will ensure a better performance in all the districts. Completion of organization at taluka and subcentre levels, training of all categories of workers, involvement of Anganwadis, MSS members, village leaders and NGOs, IEC activities, district level monitoring by designated officers of the Health and Family Welfare Department are activities which are emphasized. The yellow card requirement for the districts will be completely met with and the required drugs and laboratory chemicals will be purchased as per procurement plan drawn up for the purpose. As all the taluka medical officers have been with vehicles, they can monitor yellow card activities in a better way to ensure total implementation.

The overall budget requirement is same as for the previous year but some items need enhancement. Rupees 7.5 million is required for the purchase of laboratory chemicals and reagents for this year. As the requirement for stationary on account of reporting and incidental expenses in the camps will increase, the contingency amount has been increased to Rs. 4 million. Provision for other items such as drugs, vehicle hire and POL, Honorarium for LMOs, Training, IEC and Yellow Card remain unchanged. However, the district-wise allocation of money for drugs, laboratory chemicals and yellow card have been revised and more realistic as the estimates are based on the SC / ST population of the districts. Similarly, the estimates for POL, honorarium for LMO, training, IEC and contingency have been revised based on the

number of sub centers. The total budget required for Yellow Card implementation for the year 1998-99 is Rs. 61.75 millions.

The action plan for the implementation of Yellow Card Scheme for the year 1998-99 at an estimated cost of Rs. 67.75 million was approved by the Steering Committee in its meeting held on 23-05-98. Hence the following order.

ORDER NO.HFW(PR) 439 WBA 97 Bangalore Dated 27-07-1998.

In the circumstances explained in the preamble, sanction is accorded to incur an expenditure of Rs. 6,17,50,000/- (Rupees Six crores seventeen lakhs fifty thousand only) for implementation of Yellow Card Scheme during the year 1998-99 as detailed in the Annexure-I appended to this Order.

The expenditure on this behalf shall be debitable to the Head of Account as detailed in the Annexure-II appended to this Order.

This order issues with the approval of the Steering Committee at its meeting held on 23-05-1998 and the approval of the Project Administrator, KHSDP & E/O Additional Secretary to Government, Health & F.W. Department.

Proceedings of the Government of Karnataka

Sub: Payment of Daily Allowance to the Man Power Agency to be paid to the Drivers whose services are procured to the KHSDP -reg.

Read: 1) Proceedings of the Steering Committee Meeting dt. 7.4.97.
1) Proceedings of the Steering Committee Meeting dt.24.8.98.

Preamble:

The Steering Committee in the meeting held on 7.4.1997 approved payment of Daily Allowance in respect of Drivers procured from Man Power Agencies at the rate of Rs.100/- per night halt out side the Head Quarters. Accordingly the Daily Allowance is being paid to the Man Power Agencies from whom the services of Drivers are procured to carryout the activities of the Karnataka Health Systems Development Project. A Driver under Govt. service with the minimum of the pay scale gets Daily Allowance of Rs.35 to 40 for such halts out side the head quarters. While deciding the quantum of amount to be paid to Man Power Agency for providing the services of Driver, the minimum of the pay scale of the post of Driver was considered and accordingly an amount of Rs.3000/- per month was fixed. As there is quite difference in the payment of Daily Allowance i.e. as permissible to a Driver under Govt. service and the payment being made in respect of Drivers procured from Man Power Agency, it is felt necessary to revise the rate of Daily Allowance being paid in respect of Drivers procured from the Man Power Agencies. Accordingly the subject has been placed before the steering committee meeting held on 24.8.98 for its consideration. The Steering Committee approved the proposed and fixed this Daily Allowance at the rate of Rs.40/- for each halt out side the head quarters. Hence the following order.

ORDER NO. HFW(PR) 116 WBA 96, BANGALORE, DATED 8.9.98

Under the circumstance explained above, sanction is accorded for the payment of Daily Allowance at the rate of Rs.40/- (Rupees Forty) only for each night halt out side the head quarters with immediate effect in respect of Drivers whose services have been procured on hire basis from the Man Power Agencies to carryout the activities of the Karnataka Health Systems Development Project.

The earlier instructions issued in this behalf stand withdrawn.

This order issues as per the discussion of the Steering Committee Meeting dt.24.8.98 and as approved by the Project Administrator, Karnataka Health Systems Development Project & E/o Addl. Secretary to Govt., Health & FW Dept.

Read: 1) Letter dated 22.8.98 of the Superintendent, District Hospital, Davanagere.

Preamble:

The Superintendent, District Hospital, Davanagere in his letter read at (1) above has stated that the users charges collected is being credited to the joint account of the Director of Medical Education, Bangalore and the Superintendent of the hospital. The hospitals with more than 100 beds were with the Public Works Department for their maintenance. With the launching of Karnataka Health Systems Development Project, these hospitals were handed over by the Public Works Department to the Karnataka Health Systems Development Project for construction and renovation of the buildings. Still maintenance was done by the Public Works Department only. In some cases it was observed that there was overlapping in expenditure on these hospitals by the Public Works Department and the Karnataka Health Systems Development Project. Considering this problem, the subject was placed before the Project Governing Board in its meeting held on 30th October, 1998. The Project Governing Board in principle agreed for the proposal of taking over of all these 100 bed hospitals for maintenance by the Karnataka Health Systems Development Project from the Public Works Department.
