Dear Carmelita,

Hope you received communication IV. See you at the PHM Geneva meetings. You will be representing CI - ROAP in the meetings. On 17th we have a strategy meeting. Will you be able to attend? Or are you booked up with the WHO - Civil society meeting on Diet Physical Activity and health. Who else is attending the WHA from among CI contacts? Please invite them to join us at all the meetings feasible. Say hi to Sotchi and the rest of the team.

At Geneva we must discuss how CI (all units) will be again involved with WSF in Mumbai in Jan 2004 and PHA II in Porto Alegre in July 2005.

Best wishes.

Dear Friends,

My name is Colleen Cameron. I teach Community Health and Development at the Coady International Institute, St. Francis Xavier University in Antigonish Nova Scotia, Canada. I was a participant that the PHA meeting in Palestine in 1994 and have been on this list serve for a couple of years now. I find the list very informative and use some of the material in my course.

I am going to be in Kolkata working with the Association for Social and Health Advancement for the last three weeks of May. I will be helping the organization to learn about the PATH Process. (People Assessing Their Health). The result of this process is to develop a Community Health Impact Assment Tool (CHIAT). In turn ASHA will do a similar process in the rural areas where they work so community groups can also develop their own CHIAT.

While I am in Kolkata I would very much like to meet any members of PHA just to say hello and learn about what they are doing. I would love to take part in the Day of Resistance but of course would not be able to get there.

If anyone is interested in meeting with me you can get in touch through email. My address is accamero@stfx.ca I am leaving Canada on May 9th and arriving in Kolkata on May 13th. I will be leaving Kolkata on May 30th.

Regards,
Colleen Cameron

Dear Friends,

Greetings from People's Health Movement Secretariat (Global) at CHC, Bangalore!

Many of us from PHM are attending meetings around the next World Health Assembly from 15th to 22nd May 2003 (see separate communication posted on the exchange). Would anyone be interested and able to join and form a small PHM contingent that can participate in the Day of Resistance using 'theatrical' and 'festive' civil disobedience action. See note below. Any volunteers? Inform the secretariat.

Dear Carmelita,

Greetings from PHM Secretariat (Global)!

Thanks for your letter. I just leave for a 10-day trip to Europe on PHM work (see separate communication).

- i. Delen is organizing an international conference in Manila, 2nd - 10th November. See October Communication Global Round up. Hope you can attend the first two days at least.
- ii. Please work out with Dr. Sothi what he feels could be CI's role in PHM. Who will represent CI-ROAP on our steering group, if you are no longer with CI? He may recall that we have met at Bangladesh during a PHA core group meeting. I shall write to him also personally after I hear from you.
- iii. Send us a short report of Cancun process and involvement. I think it's a good idea to start a circle on Trade, Nutrition and Health and some how link it to IBFAN, WABA, APPAN concerns. **You can be circle convener, so send a background note, which we can circulate as a communication to Steering group, PHM Exchange, website etc.**
- iv. The idea of a workshop on social development and tobacco control is an excellent one. I am sure FCA, CI, INFACT and others can help. Write to Thelma at CHC (sochara@vsnl.com), since she organized a workshop at Asia Social Forum and we can build if from there. We had participated from Bangladesh, Bhutan and India.
- v. At the pre - WSF Forum you could also help with facilitation of a PHM country contact person.

More about it later.

Dear Ravi,

First of all my apologies for not responding immediately to your communications. My load was just too much for me. And I was in the crossroads again. In August, I verbally discussed with Dr. Sothi my intention not to finish my contract with CI. I wanted to go home. It was last month (September) when I formalised my resignation. Then what followed were days of running for things to endorse to the office.

● short. I did not go to Lisbon for the CI World Congress. But I organised the pre-congress requirements of one meeting - on FCTC. Mary Assunta assumed my tasks in Lisbon.

I will be going back to the Philippines for good on 8 November. This wouldn't surprise you as I have already told you about my intentions as early as May. It was just that I had commitments that I couldn't go as early as I wanted to.

Is there anything that you would like me to process with CI before I leave the organisation? One thing that's in my agenda is to clear CI's role in PHM.

Second, while in Cancun Mexico for the WTO Ministerial meeting in September, I met somebody from WEMOS and ECCO. We discussed about forming a discussion group within the PHM on trade, nutrition and health. It is in this relation that I would like to volunteer my time for PHM on this area.

As for the International Health forum in Mumbai, is there a possibility of holding a workshop on social development and tobacco control? I can talk to the Framework Convention Alliance (FCA) about this.

This is all for now. I will keep in constant contact with you from henceforth now that I have started to clear my desk of my work load and my immediate future is likewise clear.

Thank you for everything.

Best regards to everyone in the Secretariat and the Steering Committee,
