You will agree with me that apart for our living there should be some sort of activity to share our time money and energy to the welfare of the community which will give you a satisfaction and happiness that you were able to do some help and at the same time our kids and the elders will get your love and affection and also financial support if you can really consider:

1. The best service that you can do is to spread the message of our services to your friends and relatives so that they can also support as good as you are.
2. You can sponsor few kids or elderly to support them. You can share your love and affection by your contribution by feeding them on special occasions on your birth days marriage days which will make them happy and also the kids will enjoy with happiness and merry.
3. You can host a small banner in your home page if you have one which will help us to spread our message to as many people as possible.

I am sure you will consider to help our 300 orphans by one way or the other. We cordially invite you to visit our ashram as and when you visit this part of the country to see by your self the services we do for the welfare of suffering humanity.
